Dear Returning Citizen, Family Member, or Community Member:

The Bronx Reentry Working Group is pleased to bring you this comprehensive guide to reentry and related services in the Bronx, NY. The Bronx Reentry Working Group is a coalition of academic-community partners, corrections officials, returning citizens, clergy members, healthcare providers, policymakers, and residents committed to addressing the social and health disparities of individuals with histories of criminal justice involvement.

This guide is the first compilation of **Bronx-only resources**, and we believe it will be a useful tool for finding the local services you need. Each of the organizations in this directory has been contacted directly to ensure that they serve individuals coming home from prison or jail, those involved in the criminal justice system, and/or their families. Despite our diligent efforts to ensure the accuracy of this information, agencies and services can change quickly, so be sure to contact the organization directly before visiting the location to receive services. If you find that an organization's information has changed, please contact Pamela Valera at 718-920-5682 as soon as possible so that we can make their new contact information available as quickly as possible.

This directory is divided into several categories, including the following services: administrative and comprehensive, clothing, educational, employment, family, food pantry, health and wellness, housing, legal, mental health, substance abuse, and support groups.

The Bronx Reentry Working Group will also be on the Internet as of May 1, 2012, and you can find us online at www.bronxreentry.org. There will be an interactive directory section on the website with services searchable by zip code.

The Bronx Reentry Working Group is an active coalition that meets monthly. All are welcome to join. For more information please contact Mandy Restivo at 347-439-6934.

Sincerely,

Pamela Valera, Ph.D., MSW (Co-chair)
Mandy Restivo, MA (Co-chair)
